

ASTALE
TAU

ASCALE es el resultado de la experiencia durante más de medio siglo en el sector cerámico de la marca TAU y la aplicación de la última tecnología en placa de gran formato.

Las placas de ASCALE las encontramos en espesores de 6, 12 y 20 mm y en formato de 320x160 lo que supone una herramienta muy potente para los profesionales de la arquitectura, construcción e interiorismo por su resistencia y polivalencia.

Gracias a ASCALE podemos disfrutar de los acabados de las piedras naturales más icónicas con las prestaciones de una placa de última generación.

ASCALE is the result of more than half a century of experience in the ceramic sector under the TAU brand and the use of the latest technology in large-format porcelain.

ASCALE porcelain surfaces are available in thicknesses of 6, 12 and 20 mm and in the 320 x 160 format, which is an immensely powerful tool for professionals in architecture, construction and interior design due to the resistance and versatility.

With ASCALE, we can enjoy the finishes of the most iconic natural stones with the performance of a state-of-the-art porcelain.
